CREAM OF NEWS COMPILED AND COLLECTED FROM ALL SOURCES

The Senate has confirmed the nomination of Myron T. Herrick, as Ambassador to France.

Miss Sylvia Pankhurst, of London, spoke on Woman's Suffrage in Nashville Thursday night.

"It had To Be Done"—The story of an engineer's battle against cold and ice in Alaska and "New Orleans and the Big Ditch"—a particularly significant interpretation of the meaning of the Panama Canal—are striking features of the March Technical World Magazine.

The government's round-up of the 54 indicted men in the alleged dynamiting conspiracy is well nigh complete, all but seven having been caught. District Attorney Miller says the evidence is conclusive and that the men will be convicted on documentary evidence. About 40,000 letters were secured as evidence.

## Alleged Confession.

James Gilbert, formerly of Breathitt county, who said he had been a member of the Hargis faction in feuds, was fatally wounded in a revolver duel with a bartender at Helena, Ark., but before he died he declared he was the man who fired the shot that killed Gov. Wm. Goebel at Frankfort in January, 1900. Little credence is given here to the alleged confession, as no such man was prominent in the Goebel conspiracy.

## REFILED

Fannie Morris Damage Case to be Tried Out Here.

John C. Duffy and W. T. Fowler, Attorneys for J. D. Capps, administrator of Fannie Morris, deceased, have again filed suit for \$30,000 damages against the T. C. Railroad Co. in this county, alleging that Miss Morris was burned to death in a wreck on the road Feb. 19, 1911. The suit was brought in Montgomery county but the Supreme court of Tennessee decides that an administrator cannot be appointed in that state where there is no estate, the object being to bring a suit. The Railroad's defense will be that the young lady was not in the car burned, but left the coach before the wreck if she was ever on board the train. Her home was near Macdonia.

## SEVEN YEARS OF MISERY

How Mrs. Bethune was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo. — "For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I had cramps, backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband's told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do all my own housework, work in the garden and entertain company and enjoy them, and can walk as far as any ordinary woman, any day in the week. I wish I could talk to every suffering woman and girl, and tell them what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. DEMA BETHUNE, Sikeston, Mo.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it?
